About Brookfield Infrastructure Partners L.P.

Brookfield Infrastructure Partners L. P. owns and operates utilities, transport, energy and data infrastructure businesses in North and South America, Europe and the Asia Pacific. The Company's segments include utilities, transport, energy and data infrastructure. The utilities segment consists of regulated businesses, including regulated distribution (electricity and natural gas connections), electricity transmission and a regulated terminal (coal export terminal).

The transport segment owns and operates the port, rail and toll road assets moving freight, bulk commodities and passengers across five continents. The Company's energy segment consists of systems that provide transportation, storage and distribution services. The data infrastructure segment owns and operates businesses that provide essential services and critical infrastructure to transmit and store data globally. .
