About Dynatrace Inc

Dynatrace Inc offers software intelligence platform for the enterprise cloud. The Company has designed its software intelligence platform to allow customers to modernize and automate information technology (IT) operations. Its product Dynatrace is able to provide real-time actionable insights about the performance of customers' entire software ecosystem by integrating high fidelity, Web-scale data mapping its dependencies in real-time, and analyzing them with an open, deterministic artificial intelligence (AI) engine.

Dynatrace has designed to maximize flexibility and control of the rich monitoring data captured and analyzed by platform. In also provides updates and enhancements automatically on a monthly basis while allowing customers the flexibility and control to adhere to their own data security and sovereignty requirements. .
